REASON FOR ALLOWANCE

1. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Berkcan et al (US 6,169,486) discloses a system is disclosed for determining the temperature of a cook top. Clothier (US 6,320,169) discloses a method and apparatus for magnetic induction heating. Harnden, Jr. (US 3,781,504) discloses an induction cooking appliance.

2. The following is an examiner's statement of reasons for allowance: allowance of claims 1-8 is indicated because the prior art of record does not show or suggest a first magnetism-proofing unit, disposed under the heating coil, for converging magnetic fluxes; a second magnetism-proofing unit, disposed between an inner rim of the heating coil and the infrared sensor, for converging magnetic fluxes; and a waveguide, disposed lower than an upper surface of the second magnetism-proofing unit, for guiding an infrared ray radiated from the load pot to the infrared sensor as recited in claims 1-8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Quang T. Van whose telephone number is 571-272-4789. The examiner can normally be reached on 8:00Am 7:00Pm M-Th.
